

When you buy a bull, just one thing matters: \$Profit™

For years, ranchers have been selecting bulls with higher and higher EPD's. Output increased – but so did costs. Only Leachman's \$Profit™ EPD looks at true profit: income minus expense.

Leachman TL Ottis H882W

- He is more profitable than 97% of the Angus bulls in America!
- He was raised under real world, commercial conditions to be sound and hard footed.
- He offers guaranteed calving ease, rapid early growth, and carcass merit.
- His sire, Ottis, ranks in the top 8% of the Angus breed for feed efficiency.
- He is now proudly owned by PW Ranch, Paicenes, CA
